LETTER OF AGENCY

To Whom It May Concern:

This letter authorizes Nebraska Technology and Telecommunications, Inc. (NT&T) to request and receive data and billing information and to act as our representative for telecommunications. NT&T is authorized to notify our local and/or long distance telephone company of our telecommunications choices for the telephone number(s) listed on this form.

This authorizes NT&T to acquire our telephone number(s) for the purposes of joining our telephone number(s) with their services.

This further authorizes NT&T to switch our long distance service, including IntraLATA long distance in available areas, to NT&T for the telephone number(s) listed below. We understand this authorization changes our long distance carrier. (If applicable)

We understand that IntraLATA long distance service is long distance service, which originates and terminates within the same Local Access Transport Area (LATA). We also understand that it will not be possible to keep NT&T as our IntraLATA long distance Provider should we decide to change our IntraLATA long distance provider.

We understand that we may choose only one long distance carrier for each telephone number listed below. We also understand that our local telephone company may apply a charge for this change.

We agree to pay all charges prior to NT&T acceptance of our telephone service and any additional charges still applicable to the telephone number(s) listed below.
